Norwegian Financial Mechanism

01.06.2009

In the frames of the first call for refinance from the Norwegian Financial Mechanism in the area of priority sector „Implementation of Schengen acquis, support of Schengen Action Plans, as well as strengthening the Judiciary”, Transport Management Department of BG Headquarters submitted an Application Form PL0090 “Purchase of transportation equipment for Border Guard” which assumed purchase of approx. 500 vehicles in various versions. The main aim of the Project was to adjust the formation equipment to the Community standards and purchase vehicles which optimize fulfilment of the needs and secure the low exploitation cost.

The choice of equipment was a result of the previous BG experience in the state border protection as well as performed duties, and also the transport needs of BG Regional Units within their respective areas. Moreover, it was assumed to purchase environment friendly vehicles which meet EURO 4 Exhaust Emission Standards. The Project received a positive decision of the donor country (awarded 87.67 out of 100 points). It was regarded as a Project implementing Schengen regulations and increasing security of the national territory and of the Schengen area. The Project was approved with the maximum grant rate of EUR 6.5 million. The purchase of the vehicles has been proceeded in public procurement procedures due to the Public Procurement Act. There have already been purchased 4x2 and 4x4 patrol vehicles, motorcycles of enduro type, ATVs, fuel tankers for distribution and transport of air fuel, buses, minibuses. In this year, there are also planned deliveries of vans for transport of detained individuals and multi-purpose light commercial vehicles.
